please note this is a companion version not the original book sample book insights 1 i was assigned to the jeffries and wallace case a murder investigation i was nervous because this was my first homicide scene and i was worried that my movements would contaminate the scene 2 we all have presuppositions that can impact the way we see the world around us we must be aware of them and try to maintain objectivity the first principle of detective work 3 as an atheist i had many presuppositions that influenced the way i investigated the claims of christianity i was raised in the star trek generation by an atheist father who was a police officer for nearly thirty years before i got hired as a police officer 4 the presuppositional belief that only

natural laws and forces operate in the world philosophical naturalism rejects the existence of supernatural agents powers beings or realities it begins with the foundational premise that natural laws and forces alone can account for every phenomenon under examination

The Cold Case Against Full Preterism 2019-03-26

the cold case against full preterism addresses the claims made by full preterists teachers and their works against orthodox christianity it demonstrates the inconsistencies and the lack of coherence in the preterist paradigm and attacks the bases for the denial of the bodily resurrection of the saints the denial of the bodily existence of christ in heaven and why the future visible bodily return of christ is a departure from the orthodox christian faith the challenge is made to don preston daniel rogers and alan bondar concerning their teaching of the full preterist paradigm and whitsett provides a clear cut case against the claims made by full preterist the law ended in a d 70 jesus had to die twice when his body was

burnt up in his ascension the death of adam was spiritual death and not physical death the second coming was fulfilled in a d 70 along with the resurrection of the dead and we currently live in the new heavens and earth there has never been a more damaging theology created in the history of the church than full preterism and whitsett provided one of the strongest theological argument against such a system if you have heard about full preterism and are investigating it s claims this book is a start in getting the whole picture and understanding why it should be rejected as anything else but sound

some of the questions asked and answered in the young christian s survival guide are you claim the bible is inspired because it says it is right 2 tim 3 16 isn t that circular reasoning you claim the bible was inspired but there was no inspired list of which books that is true of so how can we know which ones to trust with so many different copies of manuscripts that have 400 000 variants errors how can we even know what the bible says why can t the people who wrote the four gospels get their story straight didn t the council of nicaea just arbitrarily pick the books for the bible that they agreed with and suppress all the rest with political power people used to believe in miracles because they didn t understand science don t we know better than that now that a man rose from the dead takes a lot of believing how could you ever have enough evidence for a belief like that science has proved that human beings evolved over millions of years rather than being created in six days why are you still clinging to ancient myths just because the bible is true for you

why does that make it true for me how can you base your modern life on a book that was written for a primitive culture doesn't the bible support genocide doesn't the bible support racism doesn't the bible support slavery doesn't the bible support homophobia doesn't the bible support the oppression and abuse of women there are so many religions all sincerely seeking the same goal what makes you christians so arrogant that you think yours is the only way what about those who have never heard the gospel if god is a god of love why did he let my loved one die how can it be just for god to impose an infinite punishment hell forever for finite sins these questions will be asked and answered with reasonable rational scriptural answers
