**European Public Procurement** Jan M. Hebly,2007-01-12 This book gathers into a single source all the legislative documents preceding the coming into effect of The Directive 2004/18 of the European Parliament and the Council on the Coordination of Procedures for the Award of Public Works Contracts, Public Supply Contracts and Public Service Contracts. In great detail it clearly reveals the negotiation and compromise over the realisation of the legislative objectives - modernisation, simplification, and flexibility. The book first presents documents that outline the reasons that led to the intention to integrate public works (93/37/EEC), supply contracts (93/36/EEC), and service contracts (92/50/EEC) into one new directive. Then follow documents that detail the drafting of the recitals in the Preamble, the articles and the annexes. Finally, a list of legislative documents offers as complete an overview as possible of every item that played a role in the creation of Directive 2004/18/EC, including several amendments that have been made to the directive since it came into effect.
